SAFETY INFORMATION

Please read and understand this entire manual before attempting to assemble, operate or install the product.

- **READ ALL INSTRUCTIONS CAREFULLY AND BE SURE THEY ARE FULLY UNDERSTOOD BEFORE USING THE HOSE CART.**
- **DO NOT** load more than 250 feet (76.2 m) of hose onto the cart.
- Distribute the hose evenly over the surface of the drum assembly.
- **DO NOT** exceed maximum water pressure of 125 PSI.
- **DO NOT** expose the unit to freezing temperatures while water remains in the plumbing system. Freezing temperatures can crack the exit tube causing damage to the unit. Drain water from the hose cart and store indoors during freezing temperatures.
- **DO NOT** leave water running through the hose cart while not in use or unsupervised.
- **DO NOT** consume water from garden hose, it is not rated for human consumption.
- Turn off water source when not in use. Do not leave hose pressurized when not in use.
- If any parts become damaged, broken, or misplaced, do not use the hose cart until the parts have been repaired or replaced.

DO NOT use the hose cart on surfaces that can cause damage to the wheels.
It is recommended that the hose cart be inspected for damage before each use.
KEEP THESE INSTRUCTIONS FOR FUTURE REFERENCE.
